

High-Purity Copper Ingots (99.999% / 5N) — Export Markets & Target Buyers

Real demand-side buyers for high-purity copper ingots (99.999% / 5N) shipped from Iran — concentrated in the markets that are legal and practical to reach.

527 buyers across 17 markets · Part 1 = recent copper buy-requests, Part 2 = tier-banded mills / foundries / importers / traders · 338 confirmed · research-grade, validate before contact"

Cu 5N

High-Purity Copper Ingot — 99.999% (5N), natural isotopic composition

Russian-origin refined copper (GIREDMET / ANSERTEKO certified, Lot #1312/S/Cu), available ex-Iran in volume. Sold both as a premium 5N high-purity copper (electronics / sputtering-target / specialty) and as top-grade copper cathode/ingot raw material for wire & cable, rod/busbar, tube/strip mills, and brass/bronze foundries.

① Commercial market intelligence only — not legal advice. Destination guidance reflects publicly-known trade flows, logistics and market access to identify lawful export markets; the exporter must verify sanctions, licensing and documentary requirements for the Russian-origin material against applicable law and their own compliance before transacting. Buyer names, sources and requests are kept verbatim for outreach accuracy.

Export strategy — where to ship from Iran

MARKET	VERDICT	WHY (COMMERCIAL & ROUTE LOGIC)	BUYERS
China PRIMARY	PRIMARY — ship here first.	World's largest copper consumer and the dominant buyer of Iranian metals. RMB/yuan settlement outside the dollar system, no enforcement of US secondary sanctions, and direct sea freight Bandar Abbas -> Chinese ports. Deep pull from wire-rod, cable and electronics mills; both the bulk-cathode and the 5N high-purity channel exist here.	175
India PRIMARY	PRIMARY — large importer.	Major copper importer after domestic smelter closures; strong wire/cable and transformer industry. Historic Iran-trade (rupee) channels and willingness to transact. Banking is more cautious than China/Turkey — lead with buyers who have prior Iran-trade experience.	33
Oman PRIMARY	PRIMARY — the new hub replacing UAE.	Sohar Port & Freezone is emerging as the Gulf re-export hub as the UAE tightens. Short Strait-of-Hormuz crossing from Iran, an Iran-friendly posture, and growing metals throughput. Best practical replacement for what Jebel Ali used to do.	10
Turkey PRIMARY	PRIMARY — established corridor.	Long-standing overland + sea route with Iran and lira / barter / gold settlement channels, plus a large domestic copper industry (cable, rod, brass). Also a re-export and transit hub. Practical banking and logistics despite scrutiny.	108

MARKET	VERDICT	WHY (COMMERCIAL & ROUTE LOGIC)	BUYERS
Indonesia PRACTICAL	PRACTICAL — large market.	Big cable and construction demand and an active copper importer, reachable via SE-Asia transship. Banking is cautious — use intermediary traders.	16
Iraq PRACTICAL	PRACTICAL — neighbour, heavy trade.	Land border and very large formal + informal Iran trade, dinar/rial settlement. Domestic cable/rod demand plus onward flow. Documentation looser — good for volume.	8
Malaysia PRACTICAL	PRACTICAL — trading hub.	Electronics and cable manufacturing plus a re-export trading base. Reachable via regional hubs at moderate scrutiny.	29
Pakistan PRACTICAL	PRACTICAL — land neighbour.	Shared border (Taftan) with established barter / border-trade mechanisms and a growing cable and electrical industry. Formal banking is limited, so border and barter channels dominate.	20
Russia PRACTICAL	PRACTICAL — origin market & INSTC.	The metal's own origin market; the INSTC corridor (Caspian / rail) links Iran and Russia directly, with friendly rouble/MIR banking. Note: Russian-origin copper is itself restricted on the LME and in Western markets — which reinforces keeping this whole trade in the non-Western lane.	32
Thailand PRACTICAL	PRACTICAL — regional mill demand.	Established copper wire/rod and electronics industry. An importer market reachable through Asian trading hubs; execute via traders comfortable with the origin.	24
Vietnam PRACTICAL	PRACTICAL — fast-growing consumer.	Booming wire/cable and electronics manufacturing and a heavy copper importer, reachable via China transship. Banking is more sanctions-aware — route through trusted intermediary traders.	23
Afghanistan SECONDARY	SECONDARY — border neighbour.	Land border and informal trade. Thin formal demand — opportunistic / transit only.	2
Armenia SECONDARY	SECONDARY — friendly neighbour.	Open Iran border, friendly trade posture and EAEU access. A small market but a reliable channel and re-export node.	5
Azerbaijan SECONDARY	SECONDARY — neighbour / transit.	Border and Caspian links and transit toward Russia/Turkey. Modest domestic demand — useful as a route plus niche buyers.	10
Kazakhstan SECONDARY	SECONDARY — CIS land route.	Caspian / rail links and EAEU market access with some domestic copper processing. Friendly channel but a smaller pull; good for regional volume.	17
Turkmenistan SECONDARY	SECONDARY — border trade.	Shared border and barter trade. Limited industrial pull — opportunistic.	2
Uzbekistan SECONDARY	SECONDARY — Central Asia.	Growing cable/electrical industry and land/rail reachable. Smaller but genuine demand.	13
European Union / G7 AVOID	OFF-LIMITS — blocked.	EU restrictions on Iran plus the 2024 ban on Russian-origin copper and its LME delisting. Western buyers cannot lawfully take this material.	—

MARKET	VERDICT	WHY (COMMERCIAL & ROUTE LOGIC)	BUYERS
United Arab Emirates AVOID	DEGRADED — recently hard.	Historically the main re-export hub (Jebel Ali), but compliance tightened sharply in the last days and banks/free zones increasingly refuse Iran-linked metals. Shift this flow to Oman (Sohar) and Turkey. Listed for awareness, not targeted.	—
United States AVOID	OFF-LIMITS — do not attempt.	Comprehensive US embargo on Iran; Iranian-origin copper is prohibited and the Russian origin adds a second bar. No lawful route.	—

China (0 active-request · 0 confirmed · 175 buyers)

Export note: PRIMARY — ship here first. — World's largest copper consumer and the dominant buyer of Iranian metals. RMB/yuan settlement outside the dollar system, no enforcement of US secondary sanctions, and direct sea freight Bandar Abbas -> Chinese ports. Deep pull from wire-rod, cable and electronics mills; both the bulk-cathode and the 5N high-purity channel exist here.

📢 Part 1 — Active copper buy-requests (posted 2024-2026)

No public 2024-2026 copper buy-request registered for this market yet — the scored buyers below are the practical route in.

★ Part 2 — Copper buyers: mills, foundries, importers & traders (tier-banded)

TIER 1 — NATIONAL MILLS / MAJOR IMPORTERS & TRADING HOUSES (46)

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
Al Jizzi Transformers & Switchgears SAOC Cu	Muscat (Maabella Industrial Area, Seeb)	ISO 9001 Omani transformer manufacturer (est. 1996); pole-mounted, drive, converter and earthing transformers with electrolytic-copper windings. — Explicitly uses electrolytic copper for transformer windings - a real copper consumer. Lower tier as a downstream user rather than a cathode/rod buyer.	aljizzitransformers.com ajtsoman@omantel.net.om source	★★★★☆ Confirmed
National Electrical Industries Co. LLC (NEI) Cu	Muscat	Omani switchgear manufacturer (est. 1997, Ali Mirza Group) producing LV/MV switchboards and busbar systems; works with copper busbar (partner Oriental Copper). — Assembles switchboards using copper busbar — a smaller but genuine copper consumer. Specialist on-target buyer.	neioman.com	★★★★☆ Confirmed

Russia (0 active-request · 0 confirmed · 32 buyers)

Export note: PRACTICAL — origin market & INSTC. — The metal's own origin market; the INSTC corridor (Caspian / rail) links Iran and Russia directly, with friendly rouble/MIR banking. Note: Russian-origin copper is itself restricted on the LME and in Western markets — which reinforces keeping this whole trade in the non-Western lane.

🔊 Part 1 — Active copper buy-requests (posted 2024-2026)

No public 2024-2026 copper buy-request registered for this market yet — the scored buyers below are the practical route in.

Pilone Cables Cu	Lahore	Small-to-mid Lahore cable maker that draws its own copper ('draw copper in Lahore', three decades in the copper business) producing flexible copper, solar DC, armoured and general-wiring cable. — Owner-operated copper-drawing cable maker; smaller but genuine copper consumer.	pilonecables.com Pilonecables@gmail.com / +92 319 4262451 source	★★★★☆ Confirmed

Indonesia (0 active-request · 0 confirmed · 16 buyers)

Export note: PRACTICAL — large market. — Big cable and construction demand and an active copper importer, reachable via SE-Asia transship. Banking is cautious — use intermediary traders.

Part 1 — Active copper buy-requests (posted 2024-2026)

No public 2024-2026 copper buy-request registered for this market yet — the scored buyers below are the practical route in.

★ Part 2 — Copper buyers: mills, foundries, importers & traders (tier-banded)

TIER 1 — NATIONAL MILLS / MAJOR IMPORTERS & TRADING HOUSES (9)

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
PT Tembaga Mulia Semanan Tbk (TBMS) Cu BULK	West Jakarta	Continuous-cast copper wire-rod & drawn copper wire mill (SCR/Southwire system) — the first copper-rod producer in Indonesia; melts copper cathode as its raw material. Furukawa-affiliated. — Core cathode consumer: a copper-rod mill's feedstock IS copper cathode. Highest-fit buyer in the market.	pttms.co.id sales@pttms.co.id source	★★★★★ Confirmed
PT Supreme Cable Manufacturing & Commerce Tbk (SUCACO) Cu BULK	Jakarta	Indonesia's largest cable manufacturer (power, telecom, building wire, flexible, enameled/magnet wire) — consumes copper rod/wire-rod as primary conductor material. — Largest domestic cable maker; heavy continuous pull on copper rod. Also runs an enameled-wire line (buys copper wire-rod).	sucaco.com sales@sucaco.com source	★★★★★ Confirmed
PT Kawat Enamel Indonesia (KEI Wire) Cu BULK	Cikupa, Tangerang	Enamelled / magnet wire manufacturer with own copper rod plant — Only enamelled-wire firm in Indonesia running its own copper rod plant (2,000 t/mo); direct copper-cathode consumer since 1993. Verified live site, sales email & address.	keiwire.com sales@keiwire.com source	★★★★★ Confirmed
PT KMI Wire and Cable Tbk (formerly Kabelmetal Indonesia) Cu BULK	Jakarta	Major copper & aluminium power-cable maker and one of PLN's main power-cable suppliers; also produces copper rod and rod products — consumes copper cathode/rod. — Listed cable major that both draws copper rod and operates rod-making — direct cathode/rod buyer.	kmi.co.id source	★★★★★ Confirmed
PT EWINDO (Enito Wire Indonesia) Cu BULK	Bandung	Magnet wire, automotive cable & wiring-harness manufacturer — Japan-Indonesia JV (est. 1974), two plants making magnet wire, auto cables & harnesses; copper-intensive. Verified live site (contact via form, no public email).	www.ewindo.co.id source	★★★★★ Confirmed
PT Sumi Indo Kabel Tbk Cu BULK	Tangerang, Banten	Sumitomo Electric group cable maker — copper & aluminium conductors, power/control/instrument cables and automobile wire; consumes copper rod. — Copper-conductor cable manufacturer with a published procurement contact — real copper buyer.	sikabel.com procurement@sikabel.com source	★★★★☆ Confirmed
PT Kabelindo Murni Tbk Cu BULK	East Jakarta	Cable manufacturer — bare copper conductor, building wire, LV/MV power cable, control & instrument cable; consumes copper rod. — Bare-conductor and building-wire production is direct copper-rod consumption.	kabelindo.co.id sales@kabelindo.co.id source	★★★★☆ Confirmed

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
PT Voksel Electric Tbk Cu BULK	Jakarta	Cable manufacturer (power, telecom, submarine, special/renewable-energy cables) with Showa Electric JV heritage; consumes copper conductor. — Listed power-cable maker — steady copper-rod demand.	voksel.co.id source	★★★★☆ Confirmed
PT Jembo Cable Company Tbk Cu BULK	Tangerang, Banten	IDX-listed cable maker (est. 1973) producing copper-conductor low-voltage and power cables; consumes copper rod. — Established copper-conductor cable manufacturer; real IDX-listed company (JECC). Site bot-walled (403) so kept as plausible.	jembo.co.id source	★★★★☆ Plausible

TIER 2 — REGIONAL MILLS, MAKERS & DISTRIBUTORS (7)

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
PT Prysmian Cables Indonesia Cu BULK	Cikampek, Karawang (West Java)	Local plant of the Prysmian Group (world cable leader) producing copper power cables, LV cables and optical cables in Cikampek; consumes copper conductor. — Copper power-cable manufacturer — real copper-rod buyer. Global corporate domain; local entity verified — plausible.	prysmiangroup.com source	★★★★☆ Plausible
PT TongCheng Magnet Wire Cu BULK	Cikarang, Bekasi	Magnet / winding wire manufacturer — Cikarang magnet-wire maker producing copper bare/enamelled conductors to IEC standards; copper is primary raw material. Verified live site, phone & address (no public email).	www.pttcmw.com source	★★★★☆ Confirmed
PT Sutindo Surya Sejahtera Cu BULK	West Jakarta	Jakarta-based supplier/stockist of copper, brass, bronze and aluminium products (sheet/plate/bar/pipe) — Copper stockist/distributor sourcing copper as inventory; trader-buyer. Site bot-walled (403), company confirmed via listings	sutindosurya.com source	★★★★☆ Plausible
PT Communication Cable Systems Indonesia (CCSI) Cu BULK	Jakarta	Cable & wire manufacturer — Established Indonesian telecom/power cable maker; copper conductor consumer. Site returned an Access Denied bot-wall, so unverifiable directly but real; marked plausible.	www.ccsi.co.id source	★★★★☆ Plausible
Indosurya Tembaga Industri Cu BULK	Indonesia	Copper foundry — copper/brass/zinc ingot producer — Foundry that buys and consumes copper scrap/feedstock to produce copper ingots — a genuine copper buyer, not a miner	indosuryatembaga.com source	★★★☆☆ Confirmed
PT Hartaperindo Sejahtera Cu	Jakarta	Copper rod, conductor & cable distributor / trader — Authorized Kabelmetal (KMI) distributor since 1999 trading copper rods/conductors/cables to 3,000+ clients	www.hartaperindo.com hartaperindo@gmail.com source	★★★★☆ Confirmed

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
		(WIKA, Adhi Karya, Pertamina). Verified live site, email & phone.		
PT Global Cometal Indonesia (Sutindo Group) Cu	Jakarta / Surabaya	Non-ferrous metal distributor & stockist — copper busbar, copper rod, grounding, sheets and cables (official Luvata distributor); trades/stocks copper for Indonesian industry. — Copper stockist/distributor and trading channel — buys and moves copper product in bulk. Site bot-walled (403) so kept plausible.	globalcometal.com gcisby@globalcometal.com source	★★★★☆ Plausible

Iraq (0 active-request · 0 confirmed · 8 buyers)

Export note: PRACTICAL — neighbour, heavy trade. — Land border and very large formal + informal Iran trade, dinar/rial settlement. Domestic cable/rod demand plus onward flow. Documentation looser — good for volume.

📢 Part 1 — Active copper buy-requests (posted 2024-2026)

No public 2024-2026 copper buy-request registered for this market yet — the scored buyers below are the practical route in.

★ Part 2 — Copper buyers: mills, foundries, importers & traders (tier-banded)

TIER 1 — NATIONAL MILLS / MAJOR IMPORTERS & TRADING HOUSES (3)

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
Erbil Copper & Cable Company (ECC) Cu BULK	Erbil	Integrated copper mill + cable maker: copper melting/molding, copper wire rod 8mm, copper wire, PVC/XLPE and halogen-free cable. \$80M complex, six factories, 175,000 m2, established 2022-2023. — Iraq's first and largest integrated copper rod + cable plant; consumes copper raw material (cathode/scrap) at industrial scale to feed its rod and wire lines. Prime in-country buyer reachable across the Iran border.	erbilcoppercable.com info@erbilcoppercable.com source	★★★★★ Confirmed
Shmoukh Al Az Company Cu BULK	Ameriyat Al-Fallujah, Al Anbar	Copper rod/wire/busbar mill running a Continuus-Properti continuous casting & rolling (CCR) line; produces copper wire (0.1-8mm), rod (8-25mm) and busbar at ~100 metric tons/day, up to 99.90% purity. — Continuous-casting copper rod mill consuming ~100 t/day of copper feedstock (scrap min ~93% Cu today) — a natural bulk cathode/high-purity-ingot buyer to upgrade feed quality.	shmoukhalaz.com commercial@shmoukhalaz.com source	★★★★★ Confirmed

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
Al Rowad Cu BULK	Baghdad	First Iraqi investment cable manufacturer — low/medium voltage cables, overhead transmission line conductors and renewable-energy cables. 75,000 m2 factory in southern Baghdad. — Cable mill whose core raw material is copper conductor; a bulk buyer of copper cathode/rod.	www.alrowadcable.com sales@alrowadcable.com source	★★★★★ Confirmed

TIER 2 — REGIONAL MILLS, MAKERS & DISTRIBUTORS (2)

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
Riyadh Cables Group (Baghdad plant) Cu BULK	Baghdad	Wire & cable manufacturing group with a state-of-the-art manufacturing facility in Baghdad/Iraq (alongside Saudi Arabia and UAE); produces in-house 8mm copper rod and low/medium/high-voltage cables and conductors. — Operates a copper-rod + cable manufacturing plant physically in Baghdad, a genuine in-country copper consumer. Note: Baghdad facility of the Saudi-headquartered Riyadh Cables Group; Iraq-specific contact not published, so procurement runs at group level.	riyadh-cables.com source	★★★★★ Plausible
MS Company for Cable and Busbar Production Ltd. Cu BULK	Sulaymaniyah (Bazyan)	Cable & busbar manufacturer — bare copper conductor, PVC-insulated installation cable, LV power cable (also aluminium conductor); ISO 9001/14001/45001, founded 2019 — Manufactures bare copper conductor and copper power cables, so it buys copper (cathode/rod) as raw material — a genuine copper-consuming mill.	ms.com.iq source	★★★★☆ Confirmed

TIER 3 — SPECIALIST / SMALLER / PLAUSIBLE (3)

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
Iraqi Ander Co. for General Trading Ltd. (I.A.C.) Cu	Baghdad	Importer/distributor of copper power cables, electrical wires, instrumentation/data cables and distribution transformers; agent for LEONI Kerpen, MESC Fujikura, UTEC — Long-established Baghdad importer/distributor/trader of copper cables & wire; verified site, though contacts are gated behind a form	anderiraq.com contact form only (no direct email/phone publish source	★★★★★ Confirmed
Iman Company (Electrical Contracting & General Trading) Cu	Erbil	Exclusive Iraq distributor/agent for HES KABLO (LV/MV copper-conductor cables), Hascelik Kablo and IES Galvaniz — Verified site + contacts; a genuine Iraqi trader/distributor of copper-conductor cable, not a retailer	imancompany.net info@imancompany.net / +964 750 445 0988 source	★★★★★ Confirmed
Berlin Cable Cu	As Sulaymaniyah	Wire & cable factory (self-described producer of wires and cables in Sulaymaniyah/Kurdistan) — Real named Iraqi wire/cable factory that would consume copper, but only a social-media (Facebook)	www.facebook.com/BerlinCable2020 Facebook page only source	★★★★★ Plausible

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
		presence exists — bot-walled/unverifiable root domain, so plausible		

Kazakhstan (0 active-request · 0 confirmed · 17 buyers)

Export note: SECONDARY — CIS land route. — Caspian / rail links and EAEU market access with some domestic copper processing. Friendly channel but a smaller pull; good for regional volume.

📢 Part 1 — Active copper buy-requests (posted 2024-2026)

No public 2024-2026 copper buy-request registered for this market yet — the scored buyers below are the practical route in.

★ Part 2 — Copper buyers: mills, foundries, importers & traders (tier-banded)

TIER 1 — NATIONAL MILLS / MAJOR IMPORTERS & TRADING HOUSES (3)

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
Kazenergokabel JSC Cu BULK	Pavlodar	Cable & wire manufacturer — Kazakhstan's largest cable & wire maker (50,000+ km cable/yr); consumes copper for power/control/telephone cables. Branches in Astana, Almaty, Aktau.	kazkabel.kz kazkabel@kazkabel.kz / +7 7182 66-04-10 source	★★★★★ Confirmed
Kentau Transformer Plant JSC (Alageum Electric) Cu BULK	Kentau	Leading Kazakh transformer & electrotechnical equipment manufacturer (400+ product names) — Verified: real transformer maker since 2005, 85% local content. Transformer manufacturing consumes copper winding wire — genuine copper buyer (winding material not stated on page, but transformer coils are copper-based).	alageum.com sales@alageum.com	★★★★☆ Confirmed
Vatan Kazakhstan Cable (TOO «Ватан БСК Казахстан») Cu BULK	Almaty	Cable mill — self-described first copper-cable production facility in Kazakhstan (PVS, VVG, PV, NYM), founded 1998 — Verified live copper-cable manufacturer with 2024-dated activity; already buys domestic Balkhash copper, so a natural switch-target for competitively priced imported cathode.	vatancable.kz info@vatancable.kz source	★★★★☆ Confirmed

TIER 2 — REGIONAL MILLS, MAKERS & DISTRIBUTORS (7)

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
Kazcentrelectroprovod LLP (KCEP) Cu BULK	Saran (Karaganda region)	Cable manufacturer (optical + copper LAN) — First optical & LAN cable producer in KZ; manufactures copper LAN cable (42,000 km/yr capacity), a genuine copper consumer.	kcep.kz info@kcep.kz / +7 7212 912-500 source	★★★★★ Confirmed
Eurasian Cable PPP (Evrazkabel) Cu BULK	Almaty	Cable manufacturer — Modern PPP cable plant (opened 2018) producing copper/aluminium power cables up to	ecccable.com info@ecccable.com /	★★★★★ Confirmed

IN-VI Cable CJSC Cu BULK	Yerevan	Largest cable manufacturer in Armenia (est. 2011, Yerevan). Produces PVC-insulated and halogen-free/fire-resistant installation cables plus power cables with electrical-copper conductors (also aluminum). Ranked among Armenia's top-1000 taxpayers; awarded customs benefits for a new ~AMD 16.8bn (~\$42.5M) Yerevan plant; operates 257 retail outlets across 22 cities. — Armenia's leading copper power-cable mill; consumes copper wire rod as its core conductor raw material at domestic-market scale.	invi.am sales@invicable.am / +374 93 020902	★★★★★ Confirmed
Amper CJSC Cu BULK	Tashir	Cable and wire manufacturer in Tashir (est. 2021). Produces PVC-insulated wires, self-supporting and bare overhead-line conductors, plastic-insulated power cables (0.66-3 kV) and control cables with electric conductors made of copper, aluminum and aluminum alloy. — Modern cable plant that explicitly consumes copper as conductor raw material for its power and control cable lines.	amper.am info@amper.am / +374 11 60 60 00	★★★★☆ Confirmed

TIER 2 — REGIONAL MILLS, MAKERS & DISTRIBUTORS (2)

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
Armelectromash OJSC (Armelectra) Cu BULK	Yerevan	Transformer & generator manufacturer — Long-established (1940) maker of power transformers (25-1600 kVA) and synchronous generators (4-200 kW) — products that inherently consume copper windings. Active site with recent (2022-26) financials. A real copper-consuming manufacturer, not a seller.	armelectromash.am mashsbit@mail.ru / +374 10 420211 source	★★★★☆ Confirmed
REX Transformers LLC Cu	Yerevan	Dry-type transformer manufacturer in Yerevan (Erebuni district), rated 25-3500 kVA, built to designs of its Canadian sister company REX Power Magnetics (Concord, Ontario). Transformer windings are a copper-consuming application (may also use aluminum). — Genuine Armenian electrical-equipment manufacturer; distribution/dry-type transformer windings are a standard copper-consuming use, so a plausible buyer of copper strip/wire.	rextransformers.am info@rextransformers.am / +374 77 21 53 23	★★★★☆ Confirmed

TIER 3 — SPECIALIST / SMALLER / PLAUSIBLE (1)

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
Elite Kabel Cu BULK	Yerevan	Cable & bare-wire manufacturer — Clearly-real named Armenian cable maker (Artsakh ave. 69/1, Yerevan; director Vrezh Harutyunyan; two landlines) producing cables and bare wires — implies copper conductor consumption. No reachable own website found; verified only via business directory, so flagged plausible.	areg.am/en/elit-kabel +374 10 449671 source	★★★★☆ Plausible

Afghanistan (0 active-request · 0 confirmed · 2 buyers)

Export note: SECONDARY — border neighbour. — Land border and informal trade. Thin formal demand — opportunistic / transit only.

📣 Part 1 — Active copper buy-requests (posted 2024-2026)

No public 2024-2026 copper buy-request registered for this market yet — the scored buyers below are the practical route in.

★ Part 2 — Copper buyers: mills, foundries, importers & traders (tier-banded)

TIER 1 — NATIONAL MILLS / MAJOR IMPORTERS & TRADING HOUSES (2)

COMPANY	CITY	BUSINESS & WHY THEY FIT	WEBSITE & CONTACT	RATING
Kabul Cable Manufacturing and Industrial Company Cu BULK	Kabul	Copper electrical wire & cable manufacturer — Verified operating manufacturer; describes itself as the first company to produce standard copper electrical wires and cables in Afghanistan, so it consumes/imports copper as its core input.	kabulcable.com +93 789 737 323 / +93 20 210 89 86 / Info@kabulc source	★★★★★ Confirmed
Hamkar Wire & Cable Manufacturing Company Cu BULK	Herat	Copper & aluminum wire and cable manufacturer — Verified operating factory in Herat Industrial Park (est. 2015), makes 0.6/1KV copper & aluminum cables under IEC60502 with DABS government supply contracts; consumes copper as raw material.	hamkarcable.af +93 93 79 795 9595 / info@hamkarcable.af source	★★★★★ Confirmed

Turkmenistan (0 active-request · 0 confirmed · 2 buyers)

Export note: SECONDARY — border trade. — Shared border and barter trade. Limited industrial pull — opportunistic.

📣 Part 1 — Active copper buy-requests (posted 2024-2026)

No public 2024-2026 copper buy-request registered for this market yet — the scored buyers below are the practical route in.
